PROFILE

MSc Construction Economics and Management student at University College London (UCL), with a BArch in Architecture from the University of Nottingham. Combining a multidisciplinary built environment background with international experience across the UK, Turkey and the UAE, I am particularly interested in the commercial, economic and strategic dimensions of construction. My career interests span construction and project management, quantity surveying, consultancy and real estate economics, with a focus on project delivery, market dynamics and sustainable development.

WORK EXPERIENCE

Roxy Lanes Nottingham Bottle Lane - Nottingham, UK Oct 2025 – Aug 2026
Balanced part-time work alongside full-time studies, cross-trained in bar operations and front-of-house administration, including bookings, enquiries, complaints and POS systems. Delivered efficient customer service while maintaining high hygiene, operational and health & safety standards.

Athleaders - Dubai, UAE Sept 2025
Full-time marketing intern, shadowed personal training sessions while creating video/photo content, assisted the marketing team with content and brand alignment, and presented learnings and contributions at the end of the internship.

I-AM Associates - Istanbul, Turkey July 2024 – Aug 2024
Full-time interior design intern, supported project teams in design development and client communication for a large retail redevelopment project. Used AutoCAD and SketchUp to finalize floor plans for a mall revamp project in Istanbul.

GENKON Engineering Inc - Istanbul, Turkey Oct 2023 – Dec 2023
Full-time architectural engineering intern contributing to the design development of large-scale warehouses and offices using AutoCAD and SketchUp.

InvestIN 'The Young Architect Summer Internship' – London, UK July 2021 – Aug 2021
Attended expert talks, participated in design competitions and workshops, presenting final designs to architects and professors, and joined Q&A panels, cross-critics, and practice interviews.

CK Architecture Interiors - Dubai, UAE Aug 2020
Gained industry insight through CEO-led marketing meetings on client pipeline, project planning and designed a workspace for the CEO in SketchUp with material sampling.

Professional Development

Columbia University – Online Dec 2025
Construction Project Management
Completed a 10-module course covering construction project delivery methods, contract types, project management principles, EHS, and sustainable construction practices. Certificate Obtained

Spotify Podcast Guest Speaker – Online Nov 2025
Featured as a guest speaker on podcasts covering housing economics, real estate development, sustainable construction, and urban inequality, providing research-informed analysis of property markets, development strategies, and the financial and environmental impacts of the built environment.
